Senior Data & Backend Engineer

Data platform and ML engineer with 15+ years building large-scale systems across Berlin, the US, and India. Deep experience with Spark, Airflow, and production ML pipelines. Currently at Zalando Berlin.

SKILLS

Languages:	Python, Scala, Kotlin, Java, SQL
Data & ML:	Spark, Airflow, Applied ML, NLP, CRF
Infrastructure:	AWS (S3, EMR, EC2), Docker, Kafka, Hadoop
Backend:	Flask, REST APIs, Spring Boot, PostgreSQL, MongoDB, Neo4j
Engineering:	Distributed systems, data pipelines, monitoring, CI/CD, legacy migration

EXPERIENCE

Senior IC (Backend & Data) - Zalando SE May 2025 - Present

Berlin, Germany

- Architected cross-team multi-carrier injection hub improving logistics fulfilment coverage; increased avg. daily shipping by ~120 units for Netherlands & Sweden
- Built tier-2 bridge application consolidating cross-system context for fulfilment planning
- Co-authored operational review tool adopted by 6 teams in the department

Senior Data Science Engineer - Collective[i] Oct 2016 - Apr 2022

New York (Remote)

Senior Data Engineer - Collective[i]

- Co-developed ML system predicting deal win probability, close time, and customer revenue from B2B sales pipeline
- Established engineering foundations for the DS team: monitoring dashboards, CI/CD, legacy code migration, technical debt reduction
- Mentored developers and drove cross-team engineering practices

Data Scientist - x.ai (Mailgun / Rackspace) Oct 2014 - Sep 2016

San Antonio, TX

Senior Data Engineer - x.ai

- Designed and maintained dashboards for annotation quality, model performance, and business KPIs

CEO (Incubator) - T-Hub / Anthill May 2024 - May 2025

Berlin / Hyderabad

1.2M EUR team of 6 supporting 60+ tech startups; managed

- Established 5 strategic partnerships; built the technical arm from scratch

Professor of Practice - Sardar Patel Institute of Technology Aug 2023 - May 2025

Mumbai, India

10+ years teaching Analytics (undergrad & MTech)

- Advised 14 technical project groups; redesigned Data Structures syllabus as convenor

Co-founder - Sixladders Jun 2024 - Present

Co-founder - Sixladders

Co-founder - Sixladders

EDUCATION

MS in Computer Science 2013-2014
BE in Information Technology 2008
